City of Szeged

Entitled as the capital of sprint canoeing Szeged is the seat of Csongrád County and the fourth largest city in Hungary. It is situated near the southeaster border of Hungary right by the Tisza River. A large part of the town lies on the right bank while Újszeged (New Szeged) a suburban district of residential homes and parks is on the left bank of the Tisza. Szeged is the cultural and economic centre of South-Eastern Hungary and a thriving university town which is also famous for its open-air theatre. The city centre is marked by the medieval Tower of St. Demetrius and the stately twin spires of the Votive Church. This cathedral was built in the first decades of the 20th century to commemorate the revival of the city after the devastating flood of the river in 1879. By Hungarian standards, Szeged is a large city, with a population of 177,000. The climate is very favourable of canoeing; the annual mean temperature being about 11 °C (52F), somewhat higher than in the rest of the country. Szeged is sometimes called the City of Sunshine as there is an average of 2,000 hours of sunshine annually.
