POLISH CANOE FEDERATION
JANA KAZIMIERZA 45/U7
01-248 WARSAW
Poland

Lausanne, the 25 June 2020

Dear President,
Dear Secretary General,

The International Canoe Federation would like to thank the Polish Canoe Federation for the submission of its proposals and for the time, effort and interest that the team has demonstrated.

It is the ICF's pleasure to confirm that its Board of Directors has awarded the **2022 ICF Canoe Slalom World Cup** to the Polish Canoe Federation and the city of Krakow, however this allocation is pending on the homologation of the venue.

The ICF Canoe Slalom Committee will contact you to fix a date for a visit to follow up on homologation of Krakow Canoe Slalom course.

We would like to wish you every success in the up-coming organisation and please be assured that the ICF will collaborate and fully support you in your initiatives over the course of the preparation. In line with our slogan "Always moving forward", the ICF is committed to building a strong relationship and partnership with all our Organising Committees. By working together, we can create and produce a major sporting show that will be a celebration of canoeing and will present competitions at the highest level for the best athletes in the world.

Yours sincerely,

A handwritten signature in black ink that reads "Simon Toulson".

Simon Toulson
ICF Secretary General
